Minister's Preface

In Queensland, the *Right to Information Act 2009* (RTI) and the *Information Privacy Act 2009* (IP) (the Acts) play a vital role in the government's commitment to make information available to members of the community, while promoting accountability and the appropriate handling of individuals' personal information.

This report provides statistical information about the operation of the Acts across all government agencies (Ministers, Assistant Ministers, Queensland government departments, local councils, universities, hospital and health services, and statutory authorities) during the 2023–24 financial year.

During 2023–24 a total of 18,951 RTI and IP applications were received, which was an increase from the previous year's figure of 16,883. This indicates an ongoing interest in and use of information provisions by Queenslanders.

Government agencies considered a total of 3,283,394 pages, with 2,700,041 being released either in full or in part, in response to access and amendment applications.

During this period, agencies continued to raise awareness of the Acts across both the public sector and the broader community. Key initiatives included International Access to Information Day 2023 and Privacy Awareness Week 2024, which highlighted the importance of digital inclusion, the role of technology in improving access to information, and the value of maintaining strong privacy practices.

I would like to thank RTI and IP officers, as well as the relevant agency staff, for their commitment to professionalism and care in responding to requests. Their considered approach plays a vital role in upholding transparency and maintaining public trust.

I am pleased to table and present this report to Parliament.

Overview

This annual report covers the 2023-24 financial year regarding the operation of the *Right to Information Act 2009* (RTI Act) and the *Information Privacy Act 2009* (IP Act) as in force during the 2023-2024 financial year.

The primary object of the RTI Act is to give a right of access to information in the government's possession or under the government's control unless, on balance, it is contrary to the public interest to give the access.

The IP Act works in parallel with the RTI Act and provides for the fair collection and handling of personal information by Queensland Government agencies and a right of access to, and amendment of, personal information in the government's possession or under the government's control unless, on balance, it is contrary to the public interest.

The IP Act sets out 11 Information Privacy Principles (IPPs) with which all agencies must adhere, except for Queensland Health and the Hospital and Health Services (HHSs), which are subject to the National Privacy Principles (NPPs). The IPPs and NPPs govern how Queensland Government agencies collect, store, use and disclose personal information.

Releasing government information

The process of routinely releasing government information to the public is commonly referred to as the "push" model. Under this model, information is released administratively via mechanisms which include agencies' [publication schemes](#) and [disclosure logs](#). As a result, access applications for information under the legislation are provided as a mechanism of last resort.

Furthering the objects of the Acts

In the 2023-24 reporting period, State Government agencies made efforts to further the objects of the RTI Act and the IP Act. This information is summarised in [Appendix 28](#).

Reporting requirements

Legislative basis

Section 185 of the RTI Act and section 194 of the IP Act require statistical and other information to be collected from Ministers and agencies. Each requirement is outlined as follows:

- section 185(1) of the RTI Act and section 194(1) of the IP Act require the Attorney-General and Minister for Justice and Minister for Integrity to prepare a report and table it in Parliament;
- section 185(2) of the RTI Act and section 194(2) of the IP Act refer to the *Right to Information Regulation 2009* (RTI Regulation) and the *Information Privacy Regulation 2009* (IP Regulation) which set out the details of the information required to be included in the report (refer to [Addendum 1](#)); and
- section 194(3) of the IP Act provides that an annual report under this section may be included as part of an annual report the Minister is required to give under the RTI Act.

Summary of data

This report includes statistics for both the RTI Act and IP Act for the period 1 July 2023 to 30 June 2024.

Data from all Ministers and agencies covered by the RTI Act and the IP Act was collected and collated by Right to Information and Privacy, Department of Justice for inclusion in this report.

The detailed data for Ministers and agencies is set out in Appendices 1 - 27 of this report and includes information required under:

- section 8(a) - (g) and (j) of the RTI Regulation; and
- section 6(a) - (g) and (j) of the IP Regulation.

For the 2023-24 financial year, all figures are reported based on the actual compliant applications processed by individual RTI and IP business units within State Government agencies, unless otherwise indicated in the tables.

Disciplinary action

For the 2023-24 financial year, Ministers and agencies advised no disciplinary action was taken against any officer in relation to the administration of the Acts under section 113 of the RTI Act or section 126 of the IP Act (section 8(h) of the RTI Regulation or section 6(h) of the IP Regulation).

Proceedings brought for offences

For the 2023-24 financial year, Ministers and agencies advised no proceedings were brought for offences under section 175(1) or (3) of the RTI Act or section 184(1) or (3) of the IP Act (section 8(i) of the RTI Regulation and section 6(i) of the IP Regulation).

Relevant facts indicating efforts by agencies or Ministers to further the objects of the RTI Act and IP Act (section 8(k) of the RTI Regulation and section 6(k) of the IP Regulation)

[Appendix 28](#) summarises the efforts made by Ministers and agencies during the 2023-24 reporting period, which build on efforts made in previous years.

Several agencies participated in International Access to Information (IAI) Day, celebrated on 28 September each year. The theme for IAI Day 2023 was '*Digital inclusion: connecting people to information*'. Agencies were encouraged to review their systems, policies and business practices and reaffirm their commitment to improving access to information.

Privacy Awareness Week (PAW) was held from 6 to 12 May 2024 and the theme was '*Privacy and technology: improving transparency, accountability and security*'. This annual event raised awareness within the public sector and the broader community about the importance of protecting and respecting personal information. Several agencies participated in PAW 2024 by organising promotional activities, leading up to and during PAW, which will continue to develop the privacy culture and foster good privacy practices.

Machinery of Government (moG) changes

Two Administrative Arrangements Orders and five Administrative Arrangements Amendment Order made by the Governor in Council applied to this reporting period, namely:

- Administrative Arrangements Amendment Order (No.3) 2024 (*made by the Governor in Council on 30 May 2024*)
- Administrative Arrangements Amendment Order (No.2) 2024 (*made by the Governor in Council on 9 May 2024*)
- Administrative Arrangements Amendment Order (No.1) 2024 (*made by the Governor in Council on 22 February 2024*)
- Administrative Arrangements Order (No.2) 2023 (*made by the Governor in Council on 18 December 2023*)
- Administrative Arrangements Amendment Order (No.2) 2023 (*made by the Governor in Council on 15 December 2023*)
- Administrative Arrangements Amendment Order (No.1) 2023 (*made by the Governor in Council on 28 September 2023*)
- Administrative Arrangements Order (No.1) 2023 (*made by the Governor in Council on 18 May 2023*)

Noncompliant access applications

If an application fails to comply with the requirements under the legislation, even after consultation with the applicant, a Prescribed Written Notice of the decision is sent under section 33 of the RTI Act or section 53 of the IP Act – *Noncompliance with application requirement*. This allows the applicant rights of review.

Noncompliant applications are not included in this report, except when the application was subject to an internal or external review.

Deemed decisions

Statistics for deemed decisions are detailed in Table 5 for each agency appendix.

State Government agencies – overviews and comparisons

Detailed information for each agency is presented in Appendices 1 - 27 and summarised in the tables and figures below. The information reported is based on the actual compliant applications processed by individual RTI and IP business units within State Government agencies.

Table 1 presents summary information about 2023-24 activity by agency.

It shows:

- the total number of compliant RTI access and IP access and amendment applications received as 18,951, an increase from 16,883 applications in 2023-24;
- the total number of pages considered was 3,283,394, representing a 9 percent decrease from 3,609,979 in 2022-23;
- internal reviews of 355 compared with 324 for 2022-23;
- external reviews of 628 compared with 572 for 2022-23; and
- total fees and charges received of \$684,392 compared with \$634,561 in 2022-23.

¹ Statistics in relation to applications for external review of decisions by Ministers and agencies may differ from those reported in the 'Office of the Information Commissioner (Queensland) Annual Report 2022/2023'. Statistics reported are provided by the relevant State Government agencies.

Figure 1 shows the total number of compliant RTI access and IP access and amendment applications received over the last ten years by State Government agencies. These applications have increased between 2022-23 (16,883) and 2023-24 (18,951). These figures include both compliant applications for information (access applications) and compliant applications to have personal information amended on the basis it is inaccurate, incomplete, out of date or misleading (amendment applications).

Figure 1. Number of compliant RTI access and IP access and amendment applications received, 2014-15 to 2023-24

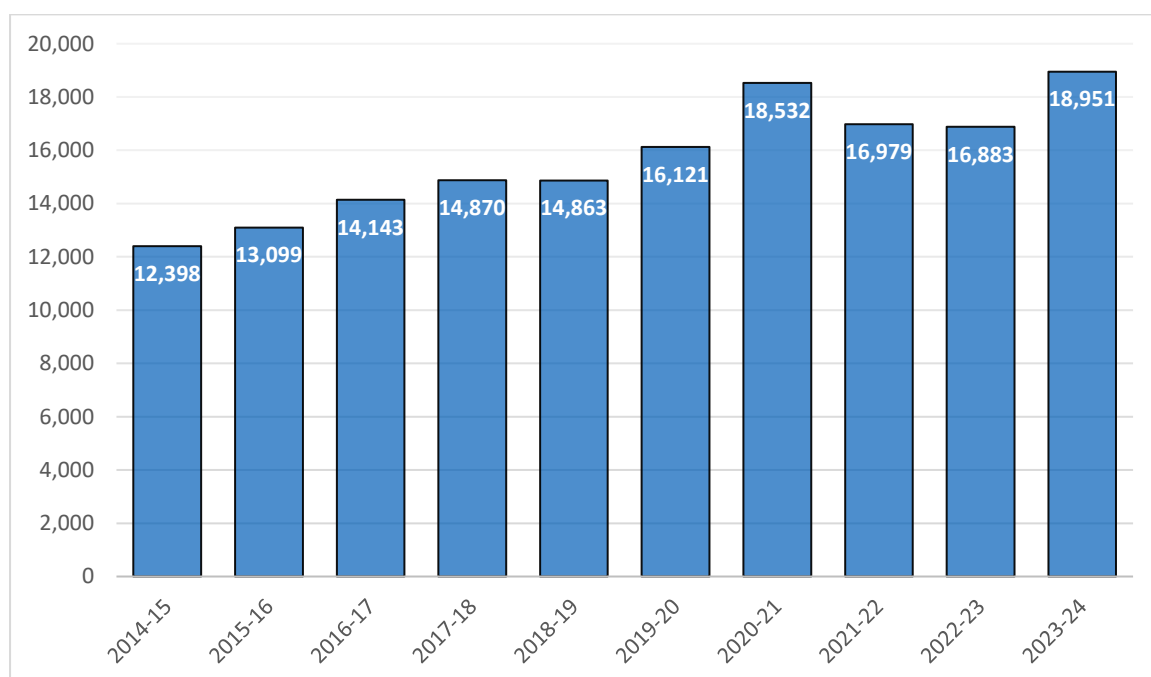

Table 2 sets out the percentage of pages released in full (with no information deleted) or part (with only some information deleted) by all State Government agencies in response to access and amendment applications. These percentages are based on a comparison of the total number of pages released with the total number of pages considered when assessing applications.

³ Access may be refused, in part or full, for several reasons including: (a) pages were irrelevant or out of scope; (b) the applications or documents may have been excluded from the operation of the RTI and IP Acts; (c) pages were available elsewhere; (d) all pages responsive to an application would be exempt from disclosure; (e) under the exemption provisions or public interest considerations in the RTI Act; and (f) the pages are non-existent or unable to be located.

⁴ Due to a background formula error in a working document, the 2020-21 pages released in full or part percentage was 84%, not 82% as reported in the *Right to Information Act 2009* and *Information Privacy Act 2009* Annual Report 2020-21.

ADDENDUM 2 – Notes about Appendices 1 to 27

Deletion where no data returned

Where an agency has submitted a 'nil return' the line has been deleted from the table.

Recording refusal of access – section 8(c) RTI Regulation and section 6(c) IP Regulation

Section 47(3)(a) of the RTI Act provides that access to a document may be refused to the extent the document comprises exempt information under section 48. Section 48(4) of the RTI Act defines **exempt information** as information that is exempt information under schedule 3. Refusals of access to exempt information are recorded in the Annual Report as the specific Schedule 3 exemption, for example 'sch3(7)' which is the exemption where *information is exempt information if it would be privileged from production in a legal proceeding on the ground of legal professional privilege*.

Section 47(3)(b) provides that access to a document may be refused to the extent the document comprises information the disclosure of which would be contrary to the public interest under section 49. Schedule 4 then sets out the factors for deciding the public interest.

Refusals of access to 'contrary to the public interest' information may therefore be recorded in the Annual Report as either 's.49-sch4' or the specific Schedule 4 factor for non-disclosure, for example 'sch4(3)(3)' which is the factor for non-disclosure where *disclosure of the information could reasonably be expected to prejudice the protection of an individual's right to privacy*.

ADDENDUM 4 – Glossary of terms

Access application	An application for information made under Chapter 3 of the RTI Act or Chapter 3 of the IP Act.
Access charge	Charges prescribed under a regulation and payable for being given access to documents. In the reporting period, for example, black and white photocopying charges were 25 cents for each A4 page.
Amendment application	An application made under section 44 of the IP Act to have personal information amended on the basis that it is inaccurate, incomplete, out of date or misleading.
Application fee	The fee prescribed in the RTI Regulation and payable for an access application under the RTI Act. In line with the <i>Acts Interpretation (Fee Unit) Amendment Regulation 2023</i> , the RTI Act's application fee increased on 1 July 2023 to \$55.75 – applicable for the reporting period 1 July 2023 to 30 June 2024.
Deemed decision	Refusing access to documents requested in an application.
Decision taken to have been made on Internal Review	A decision taken to have been made affirming the original decision.
Disclosure Log	Disclosure logs form part of the “push” model where information released under an RTI application is made available for access to the public by being published on agency websites. They provide access to information already released under the RTI application process. They can provide a cost and time benefit to both the individual and agency by reducing the number of additional applications under the RTI Act for the same information.
Internal review	An internal review is a decision within an agency made by a person who is no less senior than the original decision maker.
External review	An external review is a review undertaken by the Information Commissioner of a decision made by an agency or Minister.
Processing charge	Charges prescribed in the RTI Regulation for searching for, or retrieving a document, and making, or doing things related to making, a decision on an application. In general, processing charges are payable for RTI Act applications where an agency or Minister spends more than five hours processing non-personal documents. In line with the <i>Acts Interpretation (Fee Unit) Amendment Regulation 2023</i> , the RTI Act's processing charge increased on 1 July 2023 to \$8.65 for each 15 minutes or part thereof – applicable for the reporting period 1 July 2023 to 30 June 2024.
Portfolio/agencies	Portfolio/agencies within a Minister's administrative responsibility are reported on under the relevant department's heading. For example, the Justice and Attorney-General portfolio includes DJAG and the Attorney-General and Minister for Justice and Minister for the Prevention of Domestic and Family Violence, as well as agencies such as Legal Services Commission and Electoral Commission of Queensland, all of which are reported under the DJAG heading.
Publication Scheme	A publication scheme is a structured list of an agency's information that is readily available to the public, free of charge wherever possible. Every government agency which is subject to the RTI Act must have a publication scheme.
State Government agencies	Includes departments, Ministers, portfolio agencies, statutory authorities, local governments and hospital and health services.
