The Hospital Rescue Plan will deliver:

- ✓ At least 210 new overnight beds
- ✓ Services including maternity, endoscopy, and operating theatres
- ✓ A new, fully developed plan that meets Hospital and Health Service and clinical needs
- ✓ A design that ensures the safety of nurses, doctors and healthcare workers
- ✓ Better use of the site to maximise service delivery
- ✓ More car parks.

Failed Labor Expansion Program

Our announcement follows a decade of underinvestment in health infrastructure by the previous Labor government.

As our population grew, our hospitals were struggling to keep up with demand. The health system was in crisis.

Infrastructure suffered, needing \$2 billion in maintenance and repair alone.

Ambulance ramping was the highest it has ever been, and unprecedented numbers of people were left lingering on surgery wait lists.

Independent Review of the CEP

Project	Redcliffe Hospital Expansion
Delay	At least 2 years
Announced budget	\$1.06 billion
Actual or forecast cost	\$2.122 billion
Blowout	\$1.062 billion

THE HOSPITAL RESCUE PLAN

I was born at Redcliffe Hospital, worked there as a nurse,
and continue to have family working there.

Our hospital rescue plan at Redcliffe is essential for the people of Moreton Bay to ensure
we can access care easier, move off surgery wait lists faster, and have a healthcare
system they can rely on.
